RESPONSIVENESS
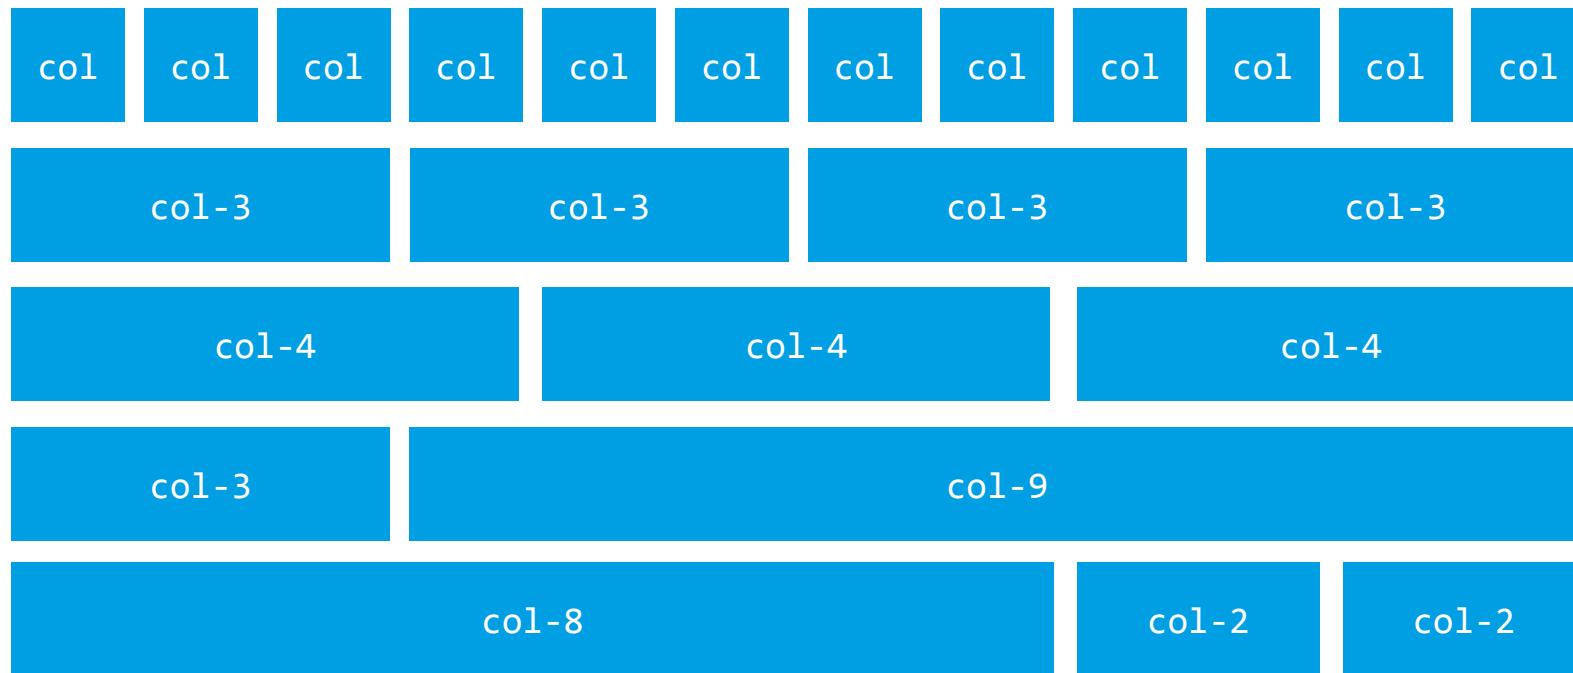

col-md-8	col	col

When screen width is at least **768 px**, show as columns.
Stack the two columns on the right when screen is smaller.

col-sm-4	col-sm-4	col-sm-4

When screen width is at least **576 px**, show as columns.
Stack all columns when screen is smaller.

col	col d-none

The column on the right is always hidden (`display: none;`)

col	col d-none d-sm-block

Now, the column on the right displays normally when the screen is larger than **576 px**. Below that, the column is hidden.
